JAPS ARE AMBUSHED

TWO WHOLE BATTALIONS WIPED OUT BY RUSSIANS NOT FAR FROM HAICHENG.

RESERVES CAME TOO LATE

FOUND ONLY THEIR OWN DEAD UPON ARRIVING AT SCENE OF THE CONFLICT.

Haicheng, Manchuria, June 13.—A flanking movement of the Japanese around the Russian left from Fengwangcheng June 9 was repulsed with a loss of two whole battalions.

A large Japanese force moved out in the morning along the Fengwangcheng and Haicheng road. The Russians had a force strongly posted in a ravine thirty miles southeast of Haicheng. The Japanese were preceded by two battalions who walked into the Russian ambush. They received a murderous rifle and artillery fire at close range and were wiped out, only one or two escaping.

The main Japanese force, which was greatly superior to the Russian force, tried to outflank the Russians, who drew off without losing a man. The Japanese closing in found the ravine vacant, save for their own dead.

RUMOR OF RETREAT

GENERAL KUROPATKIN AND HIS ARMY SAID TO HAVE LEFT LIAOYANG.

London, June 13.—A telegram from St. Petersburg states that the Russians evacuated Liao yang and that Kuropatkin has moved his headquarters from Liao yang to Mukden, indicating that the army he commands is retreating northward. But a dispatch from Newchwang, dated 7 p. m. yesterday, states that nothing new occurred there.

A rumor which cannot be confirmed is circulating in St. Petersburg that a great naval battle has been fought off Port Arthur, in which two Russian and four Japanese battleships were sunk. A dispatch from Chefoo says that the Chinese arriving there from Port Arthur say a battle was fought within seven miles of the inner forts last Wednesday. The Japanese fleet supported the army in the encounter.

WOUNDED RUSSIAN MUTILATED.

Found With His Tongue Cut Out and Fingers Severed.

Liao yang, June 13.—Ensign Marloff, who has returned from the battle of Salmatza, fought on June 7, says that the Japanese lost about 500 men. He speaks in the highest terms of the work of the Red Cross doctors who attended the wounded under fire.

After the battle a wounded Russian was found with his tongue cut out and his fingers severed. There is a general disinclination to attribute this mutilation to the Japanese after the kindness which they had previously shown to the Russian wounded and it is thought to be more probable that it was the work of Chinese bandits. It is alleged that during the engagement the Japanese again misused the Red Cross by getting within 400 yards under its cover and then firing volleys.

Reports of the Siyuen fight of June 8 say that the Japanese lost 100 killed and the Russians one killed and twenty-one wounded, including two officers.

BLOCKADING NEWCHWANG.

Japs Keeping a Strict Watch Over That City's Harbor.

London, June 13.—The Times' Chefoo correspondent, telegraphing under date of June 12, says:

"I have just returned from Newchwang, where the Japanese have established a strict blockade. I was twice stopped and searched.

"There was fighting on June 8 on the coast twenty miles south of Newchwang.

"General Kuropatkin is receiving four or five troop trains daily.

"Japanese reinforcements are arriving for the attack on Port Arthur."

BATTLESHIP READY FOR SEA.

The Csarevitch Has Been Repaired and Is Ready for Battle.

Tientsin, June 13.—The Russian battleship Csarevitch, which was injured at Port Arthur Feb. 9, and which has ever since been undergoing repairs, has left the drydock and is now ready for sea. Outside the harbor of Port Arthur the sea is reported to be thickly covered with Russian and Japanese mines.

The report that the Russian gunboats Giliak and Bobr have been destroyed is untrue.

KILLED AT NANSHAN HILL.

Russians Left Over Seven Hundred Dead on the Field.

Tokio, June 13.—The military commission assigned to bury the Russian dead in the battle of Nanshan Hill at Pichou, May 26, presented its final report Saturday.

It was found that 10 Russian officers and 664 men who fell in the battle had been carefully buried and thirty men

were buried by the outposts, making the total number of killed left behind by the Russians 704.

COSSACKS AND BANDITS CLASH.

Fifteen of the Latter Killed or Wounded and Eight Captured.

Haicheng, June 13.—Ten Cossacks along the railway south of Haicheng on June 9 came in contact with fifty Chinese bandits. Fifteen of the bandits were killed or wounded and eight were captured. The Cossacks lost one killed and two wounded.

TO MEET BRITISH PROTEST.

Russian Government Has No Intention of Making Modifications.

St. Petersburg, June 13.—The Russian government has not yet returned an answer to British Ambassador Hardinge relative to his government's protest at Russia's declaration that rice and other foodstuffs are contraband of war, but it is learned that there is no intention on the part of the government to make modifications to meet the British view.

The protest is based on the rule observed by Great Britain during the Boer war that even foodstuffs destined for a hostile country could be considered contraband of war only if intended for an enemy's forces.

A high Russian official called attention to the fact that at the breaking out of war Russia was compelled to stop at San Francisco a cargo of meat destined to Vladivostok in order to avoid its probable capture in consequence of the Japanese declaration that it would be regarded as contraband.

"Rice is an important article of food in the Japanese army and the question whether it should be declared contraband was carefully considered when the regulations were being framed," this official said, "and the decision reached by Russia entirely justified such action. The British government is disposed to regard the question as an academic one, but should steamers which are being equipped as auxiliary cruisers proceed to the Pacific and make captures of ships loaded with provisions, complications could easily arise."

Diplomatic circles are interested in the attitude the United States will adopt in the matter.

TOGO'S SHIPS KEEP BUSY.

Bombard and Drive Back a Russian Military Train.

Tokio, June 13.—Rear Admiral Togo reports that on Tuesday a part of the fleet bombarded the west coast of the Liaotung peninsula near Kaichau and drove back a military train that was approaching southward. No trains have been seen since.

The enemy was driving in troops and throwing up works, evidently expecting a landing of the Japanese on that point and making all preparations to prevent it.

Small gunboats sent close in by Rear Admiral Togo bombarded the Russians at work and it is believed caused considerable damage.

BATTLE ON THE SEA

VLADIVOSTOK SQUADRON AND JAPANESE VESSELS FIGHT OFF PORT ARTHUR.

London, June 13.—The Standard's correspondent at St. Petersburg says that he hears that a telegram from Vice Admiral Skrydloff states that on June 7 he went within thirty miles of Port Arthur with the Vladivostok fleet and there ran into a fog. He found several torpedo boats and two battleships which attacked him fiercely and inflicted some damage. The Russians returned the fire but as none of the Port Arthur ships appeared Vice Admiral Skrydloff returned to Vladivostok, where he arrived Friday morning.

TO DEPOSE THE SULTAN.

Well Organized and Widely Spread Plot in Morocco.

London, June 13.—The Tangier correspondent of the Times says: "A well organized and widely spread plot to depose the sultan exists throughout Morocco. It has no connection with the late rebellion but originated with the religious and educated classes and is supported by many shereefs and other influential persons, including members of the Moorish government."

"The sultan is cognizant of the proposed revolution and may be obliged to leave Fez because he has not the forces to withstand such a universal rising."

"The revolution was arranged before the terms of the Anglo-French agreement were known but that adds fuel to the fire, as the sultan is now accused of selling the country to France."

"The conspirators have no fixed plans beyond deposing the sultan and the government, which they believe would postpone the dangers now threatening Morocco."

WISCONSIN BOYS DROWNED.

Caught by the Current and Perish in Milwaukee River.

Barton, Wis., June 13.—George Johann and Martz Wilkins, both fifteen years old, were drowned Sunday evening while swimming in the Milwaukee river here. The boys were caught by the current and were unable to reach shore.

VESSELS IN COLLISION

STEAMER CANADA STRIKES A COLLIER AND SINKS IN A FEW MINUTES.

FIVE PERISH IN THE WRECK

ONE HUNDRED AND FIVE OTHER PERSONS RESCUED FROM SINKING SHIP.

Montreal, Que., June 13.—The Richelleu and Ontario Navigation company's steamer Canada, bound from Quebec for Montreal, came into collision with the Dominion Coal company's collier Cape Breton six miles below Sorel early Sunday. Twenty minutes later the Canada went to the bottom. At the time of the collision there were 110 people on board the Canada. Five were lost; the others were rescued. Those who perished were: Alfred Thibeault, ticket agent of the company at Quebec, and his two sons, aged twelve and fifteen. Purser Bonnetier and a man named Brunnet of Sorel is missing and it is supposed that he perished.

The collision occurred just as dawn was breaking. The Cape Breton lay at the entrance of the Lake St. Peter channel waiting for daylight so as to find her way through. She was getting under way when the Canada, making for Sorel at full speed, came into view. Just what the collision was due to and who is responsible for it has not yet been determined, for the officers of the Canada decline to talk, but from the statements given out it would appear that the Cape Breton had not got headway on enough to answer her rudder, and that she swerved across the path of the passenger boat, her bow

Striking the Canada just forward of the paddle box on the starboard side, and tearing its way half through.

Then the Cape Breton swung clear and the two steamers came alongside one another.

The shock of the collision aroused the sleeping passengers. The Canada at once began to settle and as the Cape Breton did not appear to be seriously damaged the passengers were hurriedly transferred to this steamer. In the excitement some of the passengers jumped overboard and were picked up by boats from the Canada and the Cape Breton, but a great majority of those on board did not become excited, while the discipline shown by the crew of the Canada was excellent.

Twenty minutes later when the Canada went down alongside the Cape Breton, resting on her side in the mud, all the passengers who could be found had been transferred. Thibeault and his two sons occupied a stateroom near where the Cape Breton's bow entered the Canada and it is supposed that they were killed in their berths.

CLEVELAND NOT A CANDIDATE.

Former President Wants Judge Parker Nominated.

Chicago, June 13.—The Washington correspondent of the Tribune says that within the last week or so the Democratic situation has cleared up materially. Nowhere has there been such development, however, as in New Jersey. Seventeen of the twenty-four delegates from that state have agreed to support Parker. The delegation acts under the unit rule and the vote for Parker was taken only after personal assurances had been given to each delegate that Grover Cleveland could not and would not be a candidate, that he did not desire the delegation to vote for him, that he would decline the honor if nominated by the Democratic convention, and finally on the whole that he preferred Parker to any one who had any chance for the nomination.

Judge Parker will get at least 172 votes on the first ballot at St. Louis.

RACE WAR IN OHIO.

One Man Dying From His Wounds and Two Others Are Hurt.

Canton, O., June 13.—Clifford Boylan, twenty-four years old, is believed to be dying at the hospital and William Harrier and Daniel Fitzgerald were shot and cut and bruised as the result of a fight between negroes and white men after a ball game Sunday. Seventeen negroes were arrested, their confinement being necessary, the authorities believe, for the suppression of possible violence by Boylan's friends, who are greatly incensed over his injuries. Should Boylan die his death may be avenged by his friends, but the city officials have prepared for any possible outbreak of the mob spirit.

ROCKEFELLER AT ITS HEAD.

Mining Interests of the United States to Be Combined.

New York, June 13.—The World says that announcement will soon be made of a combination of mining interests of America, with John D. Rockefeller at its head. The capital of the merged companies, it is said, will be \$2,500,000,000 and the purpose is to control the mineral output of the United States with the possible exception of the Calumet and Hecla copper mine in Michigan.

FATAL GASOLINE EXPLOSION.

One Person Killed and Three Others Badly Burned.

Kansas City, Mo., June 13.—A mistake of a grocer in filling a customer's jug with gasoline when vinegar was asked for, resulted in an explosion at the home of Antone Schoen in this city Sunday night which caused the death of one person and injury to three others.

Mrs. Barbara Schoen, aged sixty-two years, is dead, and Helen Schoen, aged four; Anton Schoen and Charles Schoen are badly burned.

Mrs. Schoen bought what she believed to be a jug of vinegar at a grocery store and in preparing dinner she poured a portion of the jug's contents into a hot skillet. Instantly there was an explosion which enveloped her in flames and set fire to the house. Helen Schoen was badly burned and Anton and Charles Schoen were burned in their efforts to save Mrs. Schoen and the little girl.

EXCURSION TRAIN WRECKED.

Number of People Slightly Injured at Minneapolis.

Minneapolis, June 13.—A Minneapolis and St. Louis excursion train, returning from Carver with 700 St. Paul people on board, was wrecked in the union depot yards in Minneapolis last night shortly before 10 o'clock, and a number of people injured, though none fatally.

The excursion train, made up of eight coaches and a baggage car, collided with a Northern Pacific train of eleven "dead" coaches, which was standing in the union depot yards ready to be taken to St. Paul. The wreck occurred on Second street where there is a sharp curve, and the fact that the excursion train was moving slowly undoubtedly saved the lives of many people.

FIVE PERSONS DROWNED.

Parents and Three Children Victims of Floods.

Antlers, I. T., June 13.—Five members of a family named Smith were drowned at Wadena, near here, Sunday. The father, mother and three children were the victims of the unprecedented flood from which this district is now suffering.

At this point the river is nearly two miles wide and for a time communication of all kinds has been cut off. Antlers has had no mail service since June 4.

TO REGAIN FREEDOM

PERDICARIS AND VARLEY MAY

BE RELEASED BY RAISULI ON WEDNESDAY.

London, June 13.—The Daily Mail's Tangier correspondent says that Raisuli has received the sultan's letter concerning his demands and that unless the bandit formulates fresh conditions the release of Ion Perdicaris and his stepson Varley may be expected Wednesday next.

"I learn," says the correspondent, "that Raisuli is suffering from nervousness and insomnia and is greatly depressed by the desertion of two of his important adherents."

"An unconfirmed report from Megador states that a German has been kidnapped in that district."

PERDICARIS MUCH BETTER.

American Also Pleased at Prospect of Speedy Release.

Tangier, June 13.—J. W. S. Langerman, commissioner of the Moroccan section of the St. Louis exposition, arrived here Sunday from the camp of Raisuli, the bandit. In an interview Mr. Langerman said:

"I left here by steamer for Arzili, in company with a friend and three Moors, the object being to see Raisuli and try to arrange the present difficulties."

"I met Raisuli and his band, fully armed, and suspicious of the visit. For a few moments the situation was critical, but all passed off well."

"Ion Perdicaris, the American whom Raisuli holds captive, is much better and in good spirits over the prospect of his speedy release."

ABNER M'KINLEY STRICKEN.

Brother of Late President Found Dead in a Chair.

Somerset, Pa., June 13.—Abner McKinley, brother of the late president, was found dead in a chair in his home at 8 a. m. His death came without warning to his family. His colored servant, who slept in his room, was up with him at 2 o'clock and it is not known at what time Mr. McKinley got up again, as he did not wake his servant. Mrs. McKinley walked into his room at 8 o'clock and found him sitting in a chair, cold and apparently dead. A physician was summoned, who said death had probably occurred two or three hours before.

Mr. McKinley's death was due to Bright's disease, which developed shortly after the death of his distinguished brother three years ago.

Shoots Her Husband Dead.

Marshall, Ill., June 13.—Late at night Mack Woodruff Morton was shot and instantly killed by a shot from a revolver in the hands of his wife. From a statement by Mrs. Morton to the coroner's inquest it appears that she and her husband quarreled and the woman then shot her husband dead. She is under arrest.

FOR FEDERAL TROOPS

ORGANIZED LABOR OF CHICAGO SENDS AN APPEAL TO PRESIDENT ROOSEVELT.

WANTS THEM IN COLORADO

WOULD HAVE FEDERAL FORCES RESTORE ORDER AND PROTECT THE MINERS.

Chicago, June 13.—Organized labor in Chicago Sunday, through its central body, the Federation of Labor, passed a resolution appealing to President Roosevelt to send federal troops to Colorado to restore order in the Cripple Creek district. The resolution, which declares that the lives of the miners are in danger under present conditions, was mailed to President Roosevelt Sunday night.

In pursuance to another set of resolutions adopted by the federation, a telegram was sent to President Gompers of the American Federation of Labor, suggesting that he confer with labor leaders throughout the country for the purpose of calling a general meeting to consider the Colorado situation.

A general committee was also appointed by the federation, whose duty it shall be to procure legal advice and take whatever action it may deem proper to aid the Colorado miners.

QUIET AT CRIPPLE CREEK.

Nothing of Importance Occurs in the Gold Camp.

Cripple Creek, Colo., June 13.—This district was quiet Sunday night. Nothing important happened during the day.

A meeting of employers of labor was held here Sunday, when a secret committee of five was appointed to draft a petition regarding the employment of organized labor in the district. The committee will meet today and will report Tuesday, when the Citizens' Alliance and the Mine Owners' association will make known their proposition in regard to organized labor.

The petition circulated on Thursday asking all merchants to discontinue the employment of all men affiliated with the trades assembly, the American Labor union or the Western Federation of Miners, is being held in abeyance until the committee reports. A modified petition will be ready by June 15, according to present plans.

Sheriff Bell says that his investigation into the Independence murders will show that some "good boys" will be found to have been the worst. He promises one or two sensations in this regard in the next few days.

The seventeen men arrested at Dunnville after the battle of Wednesday will be charged with insurrection and the fifty-one men arrested in the miners' union hall Monday will also be charged with the same offense.

It is understood that all the big mines except the Portland will resume operations today with full forces.

FOR DEPORTED MINERS.

Employment Will Be Furnished in New Mexico.

Denver, June 13.—A new mining camp will be opened in New Mexico, according to the Post, to receive the deported union miners from Cripple Creek. The Western Federation of Miners will work the claims on a co-operative basis and will have entire jurisdiction over their development.

Provision will be made by the federation for all deported miners and to this end a carload of supplies will be sent to the new camp immediately as a starter. The camp will be located near Tres Pedras, which is twenty miles south of the Colorado line on the line of the Denver and Rio Grande. There is a district ten miles square of virgin ore and the work of turning it will be parcelled out to the union miners. They will work on the co-operative plan, but the miners will be supported by the federation while prospecting. The federation has bought sixty acres to start with. The particularly attractive feature of the proposition to send the exiled men to New Mexico was that there they would be amenable to federal law only.

Governor Peabody has been asked to order General Bell to send further shipments of deported miners from Cripple Creek to New Mexico, and approves of the plan, according to the story.

RIOT OCCURS ON A TRAIN.

Union and Nonunion Miners Fight in Idaho.

Wallace, Ida., June 13.—A riot occurred on the Northern Pacific passenger train near Burke at night between union miners from the Hercules mine and nonunion men from the properties of the Federal Mining and Smelting company. THIRTY FIREMEN OVERCOME.

Tobacco Smoke and Alcohol Fumes Prostrate New Yorkers.

New York, June 13.—Thirty firemen were temporarily overcome by tobacco smoke and the fumes from alcohol early Sunday while fighting a fire in Holtz's cafe in Broadway. The fire was confined to the subcellar, in which liquors and cigars were stored, and the fumes and the dense smoke from the burning cigars hindered the firemen to such an extent that they were compelled to work in two minute relays. During the fire an ambulance surgeon was stationed near by to care for the firemen, whose eyes caused them intense pain after each rush into the smoke. The damage to the restaurant was \$100,000. The upper floors of the building are occupied by wholesale milliners and the loss on their stock is also placed at \$100,000.

Another early morning fire in the wash house and storage house of the Jacob Hoffman Brewing company in East Fifty-fifth street caused a loss estimated at \$200,000.

SENATOR COCKRELL BETTER.

Wound in His Shoulder Will Probably Yield to Treatment.

Washington, June 13.—Senator Cockrell of Missouri, who was painfully injured Saturday by being knocked down by a boy with a bicycle, was considerably better Sunday. The wound in the shoulder is painful but it is thought will yield readily to treatment. The senator is of robust physical condition and fortunately suffered no shock to his nervous system as a result of the accident. His pulse was normal Sunday and he was able to receive most of the many friends who called to inquire after his health.

Montreal, Que., June 13.—The Richelieu and Ontario Navigation company's steamer Canada, bound from Quebec for Montreal, came into collision with the Dominion Coal company's collier Cape Breton six miles below Sorel early Sunday. Twenty minutes later the Canada went to the bottom. At the time of the collision there were 110 people on board the Canada. Five were lost; the others were rescued. Those who perished were: Alfred Thiheault, ticket agent of the company at Quebec, and his two sons, aged twelve and fifteen. Purser Bonnetterre and a man named Brunnet of Sorel is missing and it is supposed that he perished.

The collision occurred just as dawn was breaking. The Cape Breton lay at the entrance of the Lake St. Peter channel waiting for daylight so as to find her way through. She was getting under way when the Canada, making for Sorel at full speed, came into view. Just what the collision was due to and who is responsible for it has not yet been determined, for the officers of the Canada decline to talk, but from the statements given out it would appear that the Cape Breton had not got headway on enough to answer her rudder, and that she swerved across the path of the passenger boat, her bow

Striking the Canada just forward of the paddle box on the starboard side, and tearing its way half through.

Then the Cape Breton swung clear and the two steamers came alongside one another.

The shock of the collision aroused the sleeping passengers. The Canada at once began to settle and as the Cape Breton did not appear to be seriously damaged the passengers were hurriedly transferred to this steamer. In the excitement some of the passengers jumped overboard and were picked up by boats from the Canada and the Cape Breton, but a great majority of those on board did not become excited, while the discipline shown by the crew of the Canada was excellent.

Twenty minutes later when the Canada went down alongside the Cape Breton, resting on her side in the mud, all the passengers who could be found had been transferred. Thiheault and his two sons occupied a stateroom near where the Cape Breton's bow entered the Canada and it is supposed that they were killed in their berths.

CLEVELAND NOT A CANDIDATE.

Former President Wants Judge Parker Nominated.

Chicago, June 13.—The Washington correspondent of the Tribune says that within the last week or so the Democratic situation has cleared up materially. Nowhere has there been such development, however, as in New Jersey. Seventeen of the twenty-four delegates from that state have agreed to support Parker. The delegation acts under the unit rule and the vote for Parker was taken only after personal assurances had been given to each delegate that Grover Cleveland could not and would not be a candidate, that he did not desire the delegation to vote for him, that he would decline the honor if nominated by the Democratic convention, and finally on the whole that he preferred Parker to any one who had any chance for the nomination.

Judge Parker will get at least 172 votes on the first ballot at St. Louis.

RACE WAR IN OHIO.

One Man Dying From His Wounds and Two Others Are Hurt.

Canton, O., June 13.—Clifford Boylan, twenty-four years old, is believed to be dying at the hospital and William Harrier and Daniel Fitzgerald were shot and cut and bruised as the result of a fight between negroes and white men after a ball game Sunday. Seventeen negroes were arrested, their confinement being necessary, the authorities believe, for the suppression of possible violence by Boylan's friends, who are greatly incensed over his injuries. Should Boylan die his death may be avenged by his friends, but the city officials have prepared for any possible outbreak of the mob spirit.

ROCKEFELLER AT ITS HEAD.

Mining Interests of the United States to Be Combined.

New York, June 13.—The World says that announcement will soon be made of a combination of mining interests of America, with John D. Rockefeller at its head. The capital of the merged companies, it is said, will be \$2,500,000,000 and the purpose is to control the mineral output of the United States with the possible exception of the Calumet and Hecla copper mine in Michigan.

FATAL GASOLINE EXPLOSION.

One Person Killed and Three Others Badly Burned.

Kansas City, Mo., June 13.—A mistake of a grocer in filling a customer's jug with gasoline when vinegar was asked for, resulted in an explosion at the home of Antone Schoen in this city Sunday night which caused the death of one person and injury to three others.

Mrs. Barbara Schoen, aged sixty-two years, is dead, and Helen Schoen, aged four; Anton Schoen and Charles Schoen are badly burned.

Mrs. Schoen bought what she believed to be a jug of vinegar at a grocery store and in preparing dinner she poured a portion of the jug's contents into a hot skillet. Instantly there was an explosion which enveloped her in flames and set fire to the house. Helen Schoen was badly burned and Anton and Charles Schoen were burned in their efforts to save Mrs. Schoen and the little girl.

EXCURSION TRAIN WRECKED.

Number of People Slightly Injured at Minneapolis.

Minneapolis, June 13.—A Minneapolis and St. Louis excursion train, returning from Carver with 700 St. Paul people on board, was wrecked in the union depot yards in Minneapolis last night shortly before 10 o'clock, and a number of people injured, though none fatally.

The excursion train, made up of eight coaches and a baggage car, collided with a Northern Pacific train of eleven "dead" coaches, which was standing in the union depot yards ready to be taken to St. Paul. The wreck occurred on Second street where there is a sharp curve, and the fact that the excursion train was moving slowly undoubtedly saved the lives of many people.

FIVE PERSONS DROWNED.

Parents and Three Children Victims of Floods.

Antlers, I. T., June 13.—Five members of a family named Smith were drowned at Wadena, near here, Sunday. The father, mother and three children were the victims of the unprecedented flood from which this district is now suffering.

At this point the river is nearly two miles wide and for a time communication of all kinds has been cut off. Antlers has had no mail service since June 4.

TO REGAIN FREEDOM

PERDICARIS AND VARLEY MAY

BE RELEASED BY RAISULI ON WEDNESDAY.

London, June 13.—The Daily Mail's Tangier correspondent says that Raisuli has received the sultan's letter concerning his demands and that unless the bandit formulates fresh conditions the release of Ion Perdicaris and his stepson Varley may be expected Wednesday next.

"I learn," says the correspondent, "that Raisuli is suffering from nervousness and insomnia and is greatly depressed by the desertion of two of his important adherents."

"An unconfirmed report from Megador states that a German has been kidnapped in that district."

PERDICARIS MUCH BETTER.

American Also Pleased at Prospect of Speedy Release.

Tangier, June 13.—J. W. S. Langerman, commissioner of the Moroccan section of the St. Louis exposition, arrived here Sunday from the camp of Raisuli, the bandit. In an interview Mr. Langerman said:

"I left here by steamer for Arzili, in company with a friend and three Moors, the object being to see Raisuli and try to arrange the present difficulties."

"I met Raisuli and his band, fully armed, and suspicious of the visit. For a few moments the situation was critical, but all passed off well."

"Ion Perdicaris, the American whom Raisuli holds captive, is much better and in good spirits over the prospect of his speedy release."

ABNER M'KINLEY STRICKEN.

Brother of Late President Found Dead in a Chair.

Somerset, Pa., June 13.—Abner McKinley, brother of the late president, was found dead in a chair in his home at 8 a. m. His death came without warning to his family. His colored servant, who slept in his room, was up with him at 2 o'clock and it is not known at what time Mr. McKinley got up again, as he did not wake his servant. Mrs. McKinley walked into his room at 8 o'clock and found him sitting in a chair, cold and apparently dead. A physician was summoned, who said death had probably occurred two or three hours before.

Mr. McKinley's death was due to Bright's disease, which developed shortly after the death of his distinguished brother three years ago.

Shoots Her Husband Dead.

Marshall, Ill., June 13.—Late at night Mack Woodruff Morton was shot and instantly killed by a shot from a revolver in the hands of his wife. From a statement by Mrs. Morton at the coroner's inquest it appears that she and her husband quarreled and the woman then shot her husband dead. She is under arrest.

FOR FEDERAL TROOPS

ORGANIZED LABOR OF CHICAGO SENDS AN APPEAL TO PRESIDENT ROOSEVELT.

WANTS THEM IN COLORADO

WOULD HAVE FEDERAL FORCES RESTORE ORDER AND PROTECT THE MINERS.

Chicago, June 13.—Organized labor in Chicago Sunday, through its central body, the Federation of Labor, passed a resolution appealing to President Roosevelt to send federal troops to Colorado to restore order in the Cripple Creek district. The resolution, which declares that the lives of the miners are in danger under present conditions, was mailed to President Roosevelt Sunday night.

In pursuance to another set of resolutions adopted by the federation, a telegram was sent to President Gompers of the American Federation of Labor, suggesting that he confer with labor leaders throughout the country for the purpose of calling a general meeting to consider the Colorado situation.

A general committee was also appointed by the federation, whose duty it shall be to procure legal advice and take whatever action it may deem proper to aid the Colorado miners.

QUIET AT CRIPPLE CREEK.

Nothing of Importance Occurs in the Gold Camp.

Cripple Creek, Colo., June 13.—This district was quiet Sunday night. Nothing important happened during the day.

A meeting of employers of labor was held here Sunday, when a secret committee of five was appointed to draft a petition regarding the employment of organized labor in the district. The committee will meet today and will report Tuesday, when the Citizens' Alliance and the Mine Owners' association will make known their proposition in regard to organized labor.

The petition circulated on Thursday asking all merchants to discontinue the employment of all men affiliated with the trades assembly, the American Labor union or the Western Federation of Miners, is being held in abeyance until the committee reports. A modified petition will be ready by June 15, according to present plans.

Sheriff Bell says that his investigation into the Independence murders will show that some "good boys" will be found to have been the worst. He promises one or two sensations in this regard in the next few days.

The seventeen men arrested at Dunnville after the battle of Wednesday will be charged with insurrection and the fifty-one men arrested in the miners' union hall Monday will also be charged with the same offense. It is understood that all the big mines except the Portland will resume operations today with full forces.

FOR DEPORTED MINERS.

Employment Will Be Furnished in New Mexico.

Denver, June 13.—A new mining camp will be opened in New Mexico, according to the Post, to receive the deported union miners from Cripple Creek. The Western Federation of Miners will work the claims on a co-operative basis and will have entire jurisdiction over their development. Provision will be made by the federation for all deported miners and to this end a carload of supplies will be sent to the new camp immediately as a starter. The camp will be located near Tres Pedras, which is twenty miles south of the Colorado line on the line of the Denver and Rio Grande. There is a district ten miles square of virgin ore and the work of turning it will be parcelled out to the union miners. They will work on the co-operative plan, but the miners will be supported by the federation while prospecting. The federation has bought sixty acres to start with. The particularly attractive feature of the proposition to send the exiled men to New Mexico was that there they would be amenable to federal law only.

Governor Peabody has been asked to order General Bell to send further shipments of deported miners from Cripple Creek to New Mexico, and approves of the plan, according to the story.

RIOT OCCURS ON A TRAIN.

Union and Nonunion Miners Fight in Idaho.

Wallace, Ida., June 13.—A riot occurred on the Northern Pacific passenger train near Burke at night between union miners from the Hercules mine and nonunion men from the properties of the Federal Mining and Smelting company. No one was killed, but several on each side were badly injured. The trouble was the outgrowth of an argument over the Cripple Creek explosion, in which two former Coeur d'Alene miners were killed and several injured.

One Man Killed and Another Hurt.

Chicago, June 13.—Anton Czerminski was instantly killed and Barto Flennatty injured by an explosion in a dye house Sunday. The men were overhauling a dye machine when, without warning, it exploded.

THIRTY FIREMEN OVERCOME.

Tobacco Smoke and Alcohol Fumes Prostrate New Yorkers.

New York, June 13.—Thirty firemen were temporarily overcome by tobacco smoke and the fumes from alcohol early Sunday while fighting a fire in Holtz's cafe in Broadway. The fire was confined to the subcellar, in which liquors and cigars were stored, and the fumes and the dense smoke from the burning cigars hindered the firemen to such an extent that they were compelled to work in two minute relays. During the fire an ambulance surgeon was stationed near by to care for the firemen, whose eyes caused them intense pain after each rush into the smoke. The damage to the restaurant was \$100,000. The upper floors of the building are occupied by wholesale milliners and the loss on their stock is also placed at \$100,000.

Another early morning fire in the wash house and storage house of the Jacob Hoffman Brewing company in East Fifty-fifth street caused a loss estimated at \$200,000.

SENATOR COCKRELL BETTER.

Wound in His Shoulder Will Probably Yield to Treatment.

Washington, June 13.—Senator Cockrell of Missouri, who was painfully injured Saturday by being knocked down by a boy with a bicycle, was considerably better Sunday. The wound in the shoulder is painful but it is thought will yield readily to treatment. The senator is of robust physical condition and fortunately suffered no shock to his nervous system as a result of the accident. His pulse was normal Sunday and he was able to receive most of the many friends who called to inquire after his health.

MORTALLY WOUNDS HIS WIFE.

New York Musician Then Ends His Life With a Bullet.

New York, June 13.—Frederick W. Wagner, forty-five years old, a musician, shot Mary Wagner, his wife, at their home here last night, mortally wounding her, and then turned the revolver on himself. The bullet entered his left side over the heart and he died instantly. Wagner was jealous, out of work, and had been drinking heavily.

TRAIN STRIKES AN AUTO.

One Person Killed and Two Others Badly Injured.

New York, June 13.—Rounding a curve at Van Cortlandt Park Sunday afternoon, a train on the Yonkers division of the New York and Putnam railroad crashed into an automobile owned by George Noakes, a restaurant keeper. Frank B. Reed, a paper manufacturer of this city, was killed; the sixteen-year-old daughter of Mr. Noakes had her left foot cut off by the train, and John Spencer, the negro chauffeur, was so badly injured he may die. Mr. and Mrs. Noakes and their six-year-old son escaped with a few bruises.

Kansas Girl Killed.

Wichita, Kan., June 13.—Miss Anna Jones of Wichita, while returning from church with fifteen other young people, was shot and killed by some one in the party who was firing a revolver for fun. William Ward, who has disappeared, is thought to have fired the shot.

Wilson Delivered the Address.

Princeton, N. J., June 13.—For the first time in the history of Princeton university a layman Sunday delivered the baccalaureate address, the honor being conferred on President Woodrow Wilson at the request of the students. In the academic procession was ex-President Cleveland.

TELEGRAPHIC BREVITIES.

As the result of a cloudburst Sunday a number of small houses were swept away at Colorado Springs, Colo. The only unidentified body of the victim of the irrefragable fire was buried Sunday at Montrose cemetery, Chicago.

At Detroit, Mich., William A. C. Miller, a prominent lumberman of that city, committed suicide Sunday by shooting himself in the head.

William Hesterly, a schoolteacher, was shot and instantly killed near West Plains, Mo., Sunday by George W. Bundren, a farmer, during a quarrel.

Editha, the nine-months-old child of Harold F. McCormick and Edith Rockefeller McCormick, and a grandchild of John D. Rockefeller, is dead at Glencoe, Ill.

This is Confederate week in Nashville. Tennessee's capital is decorated as never before in honor of veterans who meet in reunion from Tuesday to Thursday.

The cruiser Olympia, flagship of Rear Admiral Jewell, commanding the European squadron, has returned to Tangier from a flying trip to Gibraltar for coal and provisions.

Rudolphus Bingham, father of the Prohibition party in Camden county, N. Y., and one time candidate for governor on the Prohibition ticket, died Sunday night at Camden, N. Y., aged eighty years.

When a man has his best "gal" out to the lake and gets so attentive that he don't know the difference between a white and yellow horse there is certainly some thing doing in the vicinity of his love bumps and its dollars to doughnuts he can conjugate the old verb from alpha to omega.

WON ONE LOST ONE

Brainerd Defeated Royalton in a Game of Ball on the Local Grounds Yesterday Afternoon
Brainerd played a game of base ball yesterday afternoon at the Athletic park with the Royalton team and it was the best game that has been seen here this year. The Royalton bunch, however, was no match for Brainerd in this game. Brainerd won out by a score of 8 to 2. "Jim" Boyle was on the rubber for Brainerd and pitched good ball all the time and there was not the slightest show for the Royalton boys.
The following is the score by innings:
Royalton—0 1 0 0 1 0 0 0 0 2
Brainerd—4 0 1 0 0 0 3 0 x—8
LOST AT VERDALE
The Brainerd team went to Verdale Saturday afternoon to play a game with the team of that village and lost out, by the very decent score of 3 to 1. The boys from Brainerd were badly crippled for this game. Jack Boyle at first sprained his shoulder and was in bad shape, but played the game out. Pitcher Roderick, of this city, got his first try-out and did very well considering it was his first game. As the score would indicate it was a very good game. The following was the score by innings:
Verdale, 0 0 0 1 0 0 2 0 x—3
Brainerd, 1 0 0 0 0 0 0 0 0—1

Medicinal herb farms will become a necessity in the United States, says the New York Tribune. Spigella (pink root), serpentaria and senega (the two varieties of snakeroot), which were formerly found in abundance wild in Maryland and other Atlantic states, are becoming scarce. Senna, colocynth, gentian and the poppy have been grown to some extent, and digitalis purpurea (foxglove), atropa belladonna (deadly nightshade), sanguinaria canadensis (bloodroot) and cimicifuga racemosa (black cohosh) have been grown experimentally. Farmers near Kalamazoo, Mich., raise annually 40,000,000 pounds of peppermint. Valerian is a wild product of Vermont.

COULDN'T FIND A LOT

Representative of Ringling Bros.' Big Circus in the City to Make a Date for the Show Here.
A representative of the big Ringling Bros. circuses was in the city all day Saturday and Sunday trying to make arrangements for a date for the big show in this city. The gentleman worked assiduously all day Saturday but could not find a lot in the city large enough for the big show. One tent alone that this show has would cover the entire space occupied by the base ball park in this city and they have three other large tents besides. It is to be regretted that this show cannot make Brainerd as it is the biggest and grandest in the business today.

"Doc" was so frustrated that he hitched up the wrong team when he got ready to come home and drove the horses all the way in without noticing the difference. When a man has his best "gal" out to the lake and gets so attentive that he don't know the difference between a white and yellow horse there is certainly some thing doing in the vicinity of his love bumps and its dollars to doughnuts he can conjugate the old verb from alpha to omega.

WON ONE LOST ONE

Brainerd Defeated Royalton in a Game of Ball on the Local Grounds Yesterday Afternoon
Brainerd played a game of base ball yesterday afternoon at the Athletic park with the Royalton team and it was the best game that has been seen here this year. The Royalton bunch, however, was no match for Brainerd in this game. Brainerd won out by a score of 8 to 2. "Jim" Boyle was on the rubber for Brainerd and pitched good ball all the time and there was not the slightest show for the Royalton boys.
The following is the score by innings:
Royalton—0 0 0 1 0 0 0 0—2
Brainerd—4 0 1 0 0 0 3 0 x—8
LOST AT VERDALE
The Brainerd team went to Verndale Saturday afternoon to play a game with the team of that village and lost out, by the very decent score of 3 to 1. The boys from Brainerd were badly crippled for this game. Jack Boyle at first sprained his shoulder and was in bad shape, but played the game out. Pitcher Roderick, of this city, got his first try-out and did very well considering it was his first game. As the score would indicate it was a very good game. The following was the score by innings:
Verndale, 0 0 0 1 0 0 2 0—x—3
Brainerd, 1 0 0 0 0 0 0 0—1

Neca st Herb Farms.
Medicinal herb farms will become a necessity in the United States, says the New York Tribune. Spigella (pink root), serpentaria and senega (the two varieties of snakeroot), which were formerly found in abundance wild in Maryland and other Atlantic states, are becoming scarce. Senna, colocynth, gentian and the poppy have been grown to some extent, and digitalis purpurea (foxglove), atropa belladonna (deadly nightshade), sanguinaria canadensis (bloodroot) and cimicifuga racemosa (black cohosh) have been grown experimentally. Farmers near Kalamazoo, Mich., raise annually 40,000,000 pounds of peppermint. Valerian is a wild product of Vermont.

Representative of Ringling Bros.' Big Circuses in the City to Make a Date for the Show Here.

A representative of the big Ringling Bros. circuses was in the city all day Saturday and Sunday trying to make arrangements for a date for the big show in this city. The gentleman worked assiduously all day Saturday but could not find a lot in the city large enough for the big show. One tent alone that this show has would cover the entire space occupied by the base ball park in this city and they have three other large tents besides. It is to be regretted that this show cannot make Brainerd as it is the biggest and grandest in the business today.

It is announced from Brainerd that Hon. J. T. Frater, who for a dozen years has been county treasurer of Crow Wing, will be the republican candidate for the state senate. Frater will make an ideal senator, is well informed on state affairs, is reliable and honest, and is a high type of gentleman.—St. Cloud Journal-Press.

That they do this is so easy to prove that not a vestige of doubt remains. Public endorsement of local citizens is easily proven. Read this case:

W. S. Benjamin practical hand gang and rotary filer of 71 Third Ave., East Brainerd says: "Doan's Kidney Pills did meso much good that I prevailed on many others to use them and I know many cases where benefit has resulted. I had more or less pain and the recital secretions were acid in nature thereby causing me considerable distress. I got a supply of Doan's Kidney Pills from a drug store and can state that they had the effect of completely altering the condition of my kidneys referred to above. WILLIAM LAMEKIN IS HELD

On Charge of Assault in the First Degree—John Hayden is Sentenced

The "this is my busy day" sign was dusted off in the municipal court this morning and there was an array of "talent" before his honor, Judge Reimstad, that has seldom been equalled in police court annals in this city.

The first man called upon to answer to a serious charge was William Coffin, who was brought back to this city from Litchfield yesterday, charged with forgery in the first degree. Coffin waived examination and was held to await the action of the grand jury. The offense is a serious one, more serious perhaps than Coffin supposes. The penalty for the crime is from twenty to thirty years and as there is a pretty clear case against him it is likely to take hard with him.

It is understood that his people are not inclined to help him out of this muddle as they have done so before and do not care to take another chance on him.

WILLIAM LAMEKIN HELD

William Lamekin was gathered in by Sheriff Erickson and appeared in court this morning charged with the crime of assault in the first degree. He is the man who assaulted Ed. Woodbury, the poundmaster, a few days ago while the latter was trying to take up a cow that was roaming about the streets in the vicinity of his home on the south side. Lamekin is an old resident of this city. He waived examination also and was held to the grand jury. This is another very serious offense and it is likely to go hard with him, if the charge can be proven.

JOHN HAYDEN DRAWS THIRTY DAYS

John Hayden is the man who was arrested Saturday evening by Officer Hurley, with a pair or two of trousers in his possession. It was discovered afterwards that he was the fellow who stole a box of cigars from R. D. King's and the trousers were taken from Con O'Brien's store on Eighth street. He seemed to think that he was up against it and didn't see any way out of it so plead guilty. Judge Reimstad gave him a dose of thirty days in the county jail.

ECHO OF MERRIFIELD ROBBERY.

John Powers was in court this morning and was arraigned on the charge of robbing the store of E. Niles, of Merrifield. He is the man who was picked up at Aitkin by Sheriff Erickson some time ago. Powers is an umbrella mender and has been in the city off and on for years. It is claimed that he tallies pretty well with the description of one of the men who committed the robbery. There were none of the state witnesses in court this morning so the court adjourned the case until this afternoon at 2 o'clock, at which time he stated he would discharge the prisoner unless the state made a showing.

Another Forged Check Passed on Dave Robinson Purported to be Signed by L. Brohman

PAYABLE TO GEORGE JOHNSON

Home of N. E. Barber Entered by Burglar Last Night but Made a Quick Exit.

It would seem as though a band of bold robbers were doing the town just at present as the police have been unusually busy of late in one line or another.

The police are looking for another forger. Saturday a forged check for \$7 was worked on David Robinson who runs the saloon formerly conducted by J. C. Jamieson on Fifth street. The man went into the place, bought a few drinks and produced the check in payment. It was purported to have been signed by L. Brohman, the tailor, and was made payable to George Johnson. The check was endorsed by George Johnson. This morning it was discovered that L. Brohman had no account at the bank upon which the check was drawn, the Northern Pacific bank, and the check was a rank forgery anyway.

HOUSE IS ENTERED.

Last night N. E. Barber, who is employed with A. L. Hoffman & Co., had a rather flighty experience. Some time during the night Mrs. Barber was awakened by some sounds in the house and Mr. Barber got up to investigate. He was surprised to find a real live man in the house doing a busy stunt getting his "mitts" on a few things.

Mr. Barber lost no time but just jumped on to the man and says that he gave him the best licking that he possibly could, and then he intended to hold him and call the police but Mr. Robber got away and disappeared in the darkness. It is said that Mr. Barber took a night shirt sprint after the man but the latter was a faster runner than a Jack-rabbit and could not be overtaken.

The man's hat was left in the house and Mr. Barber has a pretty fair description of him which will prove of service if the midnight prowler is landed. The police are investigating.

MAY BE STEARNS COUNTY MAN

The Dan Stuart who is Missing Said to Have Relatives at Holdingsford, Stearns County

Comrade Healey after reading THE DISPATCH of Saturday states that there is a bare possibility that the man Dan Stuart who was mentioned as having mysteriously disappeared on June 7 from the J. M. Quinn Pine River drive is a son of a gentleman whom he knows at Holdingsford, Stearns county. Mr. Healey states that there is a Stuart family there and that two of the sons are river men and he is quite positive that one of the boys' names was Dan Stuart. The authorities are looking this matter up and it may be that they will be able to locate the man's relatives at that place.

INTERESTING SERVICES

Closing Services at the Swedish Baptist State Convention at the Oak Street Church was Largely Attended.

The last meetings of the state Swedish Baptist convention were held yesterday afternoon at the Swedish Baptist church in this city and they were largely attended. At 10:30 o'clock yesterday morning Prof. Hedeon, of Chicago, delivered an eloquent address. At 3 o'clock there were addresses by several prominent men of the state. In the evening at 7:30 o'clock the service was conducted by the Rev. O. P. Peterson, of St. Paul, and Rev. A. Edstam, of Duluth. There were fully 400 people present in the church last night. There was a special program of music which was greatly enjoyed.

The Only Line With a World's Fair Station.

This refers to the Minneapolis & St. Louis railroad and means:
1st—The shortest line.
2nd—The most comfortable route.
3rd—Two fine through trains direct to the gates of the fair.

4th—A saving of about three hours in time.
5th—You avoid the crowds at the union depot and on the street cars.
6th—You save money by being landed just where you want to go.

There are many other reasons but "a word to the wise is sufficient."

BRAINERD IS IN THE FIELD
Delegation to Federation at New Ulm in the Field for the 1905 Convention
THE CITY HAS LOTS OF BACKING
All Northern Minnesota Towns Are with the Boys from Brainerd in Fight.
Brainerd is well represented at the state convention of laboring men which is being held at New Ulm this week and the boys are there for something more than pleasure too. They are in the field for the big convention next year and are in a strong way to win out. It is reported that all the northern Minnesota towns are back of Brainerd.
Before the delegates from this city left they had a large number of souvenir pencils to distribute among those attending the convention and the delegation will use all honorable means to get the big meeting.
They should be successful, for there is no town in the state that is better organized than Brainerd.

KNOWS MI-O-NA WILL CURE
H. P. Dunn & Co., have Such Faith in this Great Dyspepsia Remedy that they Guarantee it.
It is an unusual thing for a druggist to sell a medicine under a guarantee to refund the money if it does not cure. Yet this is the way H. P. Dunn & Co., the popular druggists, are selling Mi-o-na, the standard dyspepsia remedy.
Never before have they had so large a number of customers tell them that a medicine has cured as with Mi-o-na. People who a few months ago looked like walking skeletons have put on flesh and today are ruddy and vigorous with perfect digestion and good health, solely due to the use of this remedy.
There is no longer any need of anyone suffering or making their friends suffer on account of dyspepsia, for Mi-o-na can be relied upon to cure. The percentage of cures is so nearly one hundred per cent, that there is little risk to H. P. Dunn & Co., in guaranteeing to return the money if the medicine does not cure, and they stand ready to do so without any questions.

Another Forged Check Passed on Dave Robinson Purported to be Signed by L. Brohman

PAYABLE TO GEORGE JOHNSON

Home of N. E. Barber Entered by Burglar Last Night but Made a Quick Exit.

It would seem as though a band of bold robbers were doing the town just at present as the police have been unusually busy of late in one line or another.

The police are looking for another forger. Saturday a forged check for \$7 was worked on David Robinson who runs the saloon formerly conducted by J. C. Jamieson on Fifth street. The man went into the place, bought a few drinks and produced the check in payment. It was purported to have been signed by L. Brohman, the tailor, and was made payable to George Johnson. The check was endorsed by George Johnson. This morning it was discovered that L. Brohman had no account at the bank upon which the check was drawn, the Northern Pacific bank, and the check was a rank forgery anyway.

HOUSE IS ENTERED.

Last night N. E. Barber, who is employed with A. L. Hoffman & Co., had a rather flighty experience. Some time during the night Mrs. Barber was awakened by some sounds in the house and Mr. Barber got up to investigate. He was surprised to find a real live man in the house doing a busy stunt getting his "mitts" on a few things.

Mr. Barber lost no time but just jumped on to the man and says that he gave him the best licking that he possibly could, and then he intended to hold him and call the police but Mr. Robber got away and disappeared in the darkness. It is said that Mr. Barber took a night shirt sprint after the man but the latter was a faster runner than a Jack-rabbit and could not be overtaken.

The man's hat was left in the house and Mr. Barber has a pretty fair description of him which will prove of service if the midnight prowler is landed. The police are investigating.

MAY BE STEARNS COUNTY MAN

The Dan Stuart who is Missing Said to Have Relatives at Holdingsford.

Stearns County

Comrade Healey after reading THE DISPATCH of Saturday states that there is a bare possibility that the man Dan Stuart who was mentioned as having mysteriously disappeared on June 7 from the J. M. Quinn Pine River drive is a son of a gentleman whom he knows at Holdingsford, Stearns county. Mr. Healey states that there is a Stuart family there and that two of the sons are river men and he is quite positive that one of the boys' names was Dan Stuart. The authorities are looking this matter up and it may be that they will be able to locate the man's relatives at that place.

Delegation to Federation at New Ulm In the Field for the 1905 Convention

THE CITY HAS LOTS OF BACKING

All Northern Minnesota Towns Are with the Boys from Brainerd in Fight.

Brainerd is well represented at the state convention of laboring men which is being held at New Ulm this week and the boys are there for something more than pleasure too. They are in the field for the big convention next year and are in a strong way to win out. It is reported that all the northern Minnesota towns are back of Brainerd.

Before the delegates from this city left they had a large number of souvenir pencils to distribute among those attending the convention and the delegation will use all honorable means to get the big meeting.

They should be successful, for there is no town in the state that is better organized than Brainerd.

KNOWS MI-O-NA WILL CURE

H. P. Dunn & Co., have Such Faith in this Great Dyspepsia Remedy that they Guarantee it.

It is an unusual thing for a druggist to sell a medicine under a guarantee to refund the money if it does not cure. Yet this is the way H. P. Dunn & Co., the popular druggists, are selling Mi-o-na, the standard dyspepsia remedy.

Never before have they had so large a number of customers tell them that a medicine has cured as with Mi-o-na. People who a few months ago looked like walking skeletons have put on flesh and today are ruddy and vigorous with perfect digestion and good health, solely due to the use of this remedy.

There is no longer any need of anyone suffering or making their friends suffer on account of dyspepsia, for Mi-o-na can be relied upon to cure. The percentage of cures is so nearly one hundred per cent, that there is little risk to H. P. Dunn & Co., in guaranteeing to return the money if the medicine does not cure, and they stand ready to do so without any questions.

Headaches, all forms of indigestion, specks before the eyes, dizzy feelings, poor sleep, ringing in the ears and all forms of liver trouble are cured by Mi-o-na, price 50 cents. A few days' treatment shows considerable gain in health and a cure speedily follows.

These days are the best in the whole year for enjoyment of good health. And Mi-o-na will put you in such perfect condition that you can enjoy every minute of them.

CATHEDRAL OF RIVAL SECTS

Bishop Satterlee's Plan to Harmonize Opposing Creeds.

Bishop Henry Y. Satterlee and the diocesan conference of the District of Columbia are planning to harmonize rival creeds and to weld opposing sects into one great Christian family.

Taylor E. Brown of Chicago, president of the National Church club, is now actively engaged in developing plans to this end, and it is through him and his organization that the heads of the Episcopal church hope to bring their plans to maturity and success.

"So far the idea is still in the making," he says, "and the actual form it will take in bricks and mortar or carved stone must depend on the generosity of the public. It may be the committee in charge will find it advisable to restrict itself to a \$2,000,000 or \$3,000,000 building, or it may be able to spend five times as much. In any event the cathedral when erected will probably be a Gothic structure and one of the finest of its type in the land."

The gist of the plans at present is the building of a national cathedral in Washington, which, while specifically Episcopalian and the national home of members of that faith, will also be managed on broad enough lines to admit pastors of other denominations and provide a pulpit from which they may exhort members of their denominations.

The idea originated with Bishop Satterlee two years ago and was referred by him to the diocesan conference, which at once gave its hearty approval and appointed a committee to push the scheme and gather contributions to a building fund. A site has been obtained in Washington on which stands the famous Pence cross, around which services have long been held. The nucleus of the \$8,000,000 or \$10,000,000 cathedral will cost has partially been pledged by individual Episcopalians throughout the country.

The cathedral is expected to be in the popular mind the leading church of the faith and the national home of its adherents.

HUMAN JUNK SHOP.

John Fasel Operated Upon and Collection of Metals Found.

John Fasel, the "human ostrich" of Williamsburg, a district of Brooklyn, recently gave up enough junk to start a secondhand hardware store, says the New York Journal. He was operated upon for a second time in the German hospital.

Fasel is twenty-three years old. As a tailor he failed to make enough money to meet his modest needs, and he determined to do something that by its seeming impossibility would become talked about and insure a better income. He became a "human ostrich."

At the end of fourteen weeks he was compelled to go to St. John's hospital, in Brooklyn. To the doctors there he complained of pain and told them what he had been doing. The surgeons were incredulous, but an X ray on the stomach showed a mass of foreign material that made them conclude that an operation was necessary. An incision four inches in length was made, and through it was taken a collection of nails, chains, pins, needles, brass checks, a watch and several other articles, weighing altogether several pounds.

As soon as he had recovered Fasel began again the strange career that he had mapped out for himself. He became violently ill the other night and was removed to the German hospital. House Surgeon G. C. Pobe performed the operation. An incision four inches long was made and gently as possible the stomach was probed.

The probe struck something metallic, and one of the surgeons put his hand into the stomach and drew out a key and watch chain. Again and again the hand was gently inserted into the wound, and again and again brought forth articles such as never before, except perhaps in Fasel's former operation, had been brought from the stomach of a living person. When at last the organ was found to be empty and upon the operating table lay the pile of hardware, the medical men were speechless with astonishment.

Mourning Lot of Korean Widows.

Good society in Korea has many curious customs, says the Chicago Tribune. No widow in the really "smart set" would ever dream of remarrying, however young she may be or however soon the death of her husband may have followed her wedding. Married life in Korea is by no means an un-mixed blessing to the woman, so perhaps perpetual widowhood might not be objectionable if it were not for the necessity of perpetually wearing mourning for the departed. This means that during the whole of her life she is limited to blue, black and green as colors for her costumes.

Could Not Keep His Booty.

When the first victory of the Japanese was announced in Osaka, Otojro Kawakami, the famous Japanese actor, joined in a torchlight procession. During it a skillful pickpocket robbed him of a watch presented to him by the czar when he played in Russia's capital, says the Chicago Journal. In the case was engraved an image of the czar. Two days later a parcel and letter were left at the actor's hotel. In the parcel was the watch. The letter said the writer was a thief, but he wouldn't have anything Russian, no matter how valuable.

VANGUARD AT CHICAGO.

Republican National Committeemen to Meet There.

Chicago, June 13.—The vanguard of the Republican national committee reached Chicago Saturday. Senator Nathan B. Scott of West Virginia and Governor Franklin Murphy of New Jersey were the first arrivals. The chairman, Postmaster General Henry C. Payne, is on the way from Washington.

When Senator Scott went to the Coliseum he expressed himself as agreeably surprised to find everything in the hall practically finished and ready for the opening session.

It is understood there will be a meeting of the executive committee today. Several matters need to be settled before this committee can make its report to the full committee, which meets on Wednesday.

ADVENT OF THE JAPANESE.

A Tribute to the Prowess of the Slant Eyed Race.

The furious Goth and Fery Hun Are filling the world with alarm no more;

They have had their innings; their course is run;

As saith the good preacher, "They've gone before."

The Moor has been robbed of his power to spread

Confusion and terror and corpses, and men

Are declining to harbor the foolish old dread

Of the prophet mad, horrible Saracen. They have passed, they are through, they have had their day.

Who once were so proud and who went the pace.

Now the time is at hand to be making way

For the little old slant eyed race.

Spain's galleons lie on the floor of the sea;

Her flag is no longer a symbol of might;

The Corsair has ceased to sail furiously

Through the mists where the treasure ships heave in sight.

The Norseman boasts not of his rule o'er the deep;

The viking no longer flings scorn at the gales;

The Dutchmen who once swept the sea are asleep—

There is rust on their anchors and mold on their sails.

They have gone the old course, they're traditions today

Who, each in turn, was supreme for a space,

And it's up to the world to be making way

For the little old slant eyed race.

The Slav and the Czech have but dreams of the past,

Nor power nor glory their future contains;

For the Gaul, once so splendid, the die has been cast;

Daily his glory, his influence wanes.

The Teuton and Saxon likewise may prepare

To quietly occupy seats in the rear.

They are prominent now, and they proudly declare

That the doom of the ones who oppose them is near.

But their boasting is vain; they will wake up some day

To discover that Europe's a second rate place,

For it seems to be time to be making way

For the little old slant eyed race.

The nations gain power, and then they descend;

Only ruins are left where the Ptolemies lie;

For glory and pride there is always one end.

Time levels the towers that men have made high.

Electricity.

Concerning the fundamental nature of electricity itself there is still no certainty, but there are several hypotheses, says Electrical World. There are several theories for explaining both electricity and magnetism in terms of the ether. None of these theories seems capable of being submitted to experimental demonstration. It is certain, however, that, since the interconnection between electricity and magnetism is known, a demonstration of the nature of the one must, by corollary, include a disclosure of the nature of the other. Moreover, it would not seem likely that the complete unraveling of the nature of electricity would necessarily include a revelation of the nature of both matter and of gravitation.

At the end of fourteen weeks he was compelled to go to St. John's hospital, in Brooklyn. To the doctors there he complained of pain and told them what he had been doing. The surgeons were incredulous, but an X ray on the stomach showed a mass of foreign material that made them conclude that an operation was necessary. An incision four inches in length was made, and through it was taken a collection of nails, chains, pins, needles, brass checks, a watch and several other articles, weighing altogether several pounds.

As soon as he had recovered Fasel began again the strange career that he had mapped out for himself. He became violently ill the other night and was removed to the German hospital. House Surgeon G. C. Pobe performed the operation. An incision four inches long was made and as possible the stomach was probed.

The probe struck something metallic, and one of the surgeons put his hand into the stomach and drew out a key and watch chain. Again and again the hand was gently inserted into the wound, and again and again brought forth articles such as never before, except perhaps in Fasel's former operation, had been brought from the stomach of a living person. When at last the organ was found to be empty and upon the operating table lay the pile of hardware, the medical men were speechless with astonishment.

Mournful Lot of Korean Widows.

Good society in Korea has many curious customs, says the Chicago Tribune. No widow in the really "smart set" would ever dream of remarrying, however young she may be or however soon the death of her husband may have followed her wedding. Married life in Korea is by no means an unmixed blessing to the woman, so perhaps perpetual widowhood might not be objectionable if it were not for the necessity of perpetually wearing mourning for the departed. This means that during the whole of her life she is limited to blue, black and green as colors for her costumes.

Could Not Keep His Booty.

When the first victory of the Japanese was announced in Osaka, Otojiro Kawakami, the famous Japanese actor, joined in a torchlight procession. During it a skillful pickpocket robbed him of a watch presented to him by the czar when he played in Russia's capital, says the Chicago Journal. In the case was engraved an image of the czar. Two days later a parcel and letter were left at the actor's hotel. In the parcel was the watch. The letter said the writer was a thief, but he wouldn't have anything Russian, no matter how valuable.

VANGUARD AT CHICAGO.

Republican National Committeemen to Meet There.

Chicago, June 13.—The vanguard of the Republican national committee reached Chicago Saturday. Senator Nathan B. Scott of West Virginia and Governor Franklin Murphy of New Jersey were the first arrivals. The chairman, Postmaster General Henry C. Payne, is on the way from Washington.

When Senator Scott went to the Coliseum he expressed himself as agreeably surprised to find everything in the hall practically finished and ready for the opening session.

It is understood there will be a meeting of the executive committee today. Several matters need to be settled before this committee can make its report to the full committee, which meets on Wednesday.

ADVENT OF THE JAPANESE.

A Tribute to the Provess of the Slant Eyed Race.

The furious Goth and fiery Hun
Are filling the world with alarm no more;
They have had their innings; their course
Is run.

As saith the good preacher, "They've gone before."
The Moor has been robbed of his power to spread
Confusion and terror and corpses, and men
Are declining to harbor the foolish old dread.

Of the prophet mad, horrible Saracen.
They have passed, they are through, they have had their day,
Who once were so proud and who went the pace.

Now the time is at hand to be making way
For the little old slant eyed race.

Spain's galleons lie on the floor of the sea;
Her flag is no longer a symbol of might;
The Corsair has ceased to sail furiously
Through the mists where the treasure ships heave in sight.

The Norseman boasts not of his rule o'er the deep;
The viking no longer flings scorn at the gales;
The Dutchmen who once swept the sea are asleep—
There is rust on their anchors and mold on their sails.

They have gone the old course, they're traditions today
Who, each in turn, was supreme for a space,
And it's up to the world to be making way
For the little old slant eyed race.

The Slav and the Czech have but dreams
Of the past,
Nor power nor glory their future contains;
For the Gaul, once so splendid, the die has been cast;

Daily his glory, his influence wanes.
The Teuton and Saxon likewise may prepare
To quietly occupy seats in the rear.
They are prominent now, and they proudly declare
That the doom of the ones who oppose them is near.

But their boasting is vain; they will wake up some day
To discover that Europe's a second rate place,
For it seems to be time to be making way
For the little old slant eyed race.

The nations gain power, and then they descend;
Only ruins are left where the Ptolemies lie;
For glory and pride there is always one end.
Time levels the towers that men have made high.

Assyrian and Persian and glorious Greek,
Each in his turn has been great and has passed.
Where the proud Babylonian feasted men seek
For the relics of splendors too worldly to last.

The nations, like fruit, but get ripe to decay;
It always has been and it still is the case.
Ho, fellow Caucasians, be making way
For the little old slant eyed race.

Electricity.

Concerning the fundamental nature of electricity itself there is still no certainty, but there are several hypotheses, says Electrical World. There are several theories for explaining both electricity and magnetism in terms of the other. None of these theories seems capable of being submitted to experimental demonstration. It is certain, however, that, since the interconnection between electricity and magnetism is known, a demonstration of the nature of the one must, by corollary, include a disclosure of the nature of the other. Moreover, it would not seem likely that the complete unravelling of the nature of electricity would necessarily include a revelation of the nature of both matter and of gravitation.

"FORCE" with milk or cream is the safe food. And the little ones like it as well as we do.

Bright, shining, merry eyes mean more than a happy disposition—they indicate a sunny digestion. "FORCE" takes sunshine right to the spot! Not only are the elements of "FORCE" scientifically combined and properly balanced for a perfect food, but the mechanical processes of digestion are partly done in advance, so that the digestive organs are spared just that much effort.
